International Baccalaureate: Qualified Online Tutor (TOK, Philosophy, Mathematics, Religious Studies)

A-Level: Qualified Online Tutor (Philosophy, Mathematics)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past six years, I have had the privilege of tutoring students from diverse backgrounds in subjects ranging from Theory of Knowledge (TOK) and Philosophy to Mathematics and Religious Studies. My approach to tutoring is highly personalised, tailoring lessons to meet the specific needs and learning styles of each student. I believe that education should be a journey of exploration and understanding, rather than mere rote learning.

My experience includes working with students preparing for the International Baccalaureate (IB) and IGCSE exams, where I have successfully helped them achieve top grades by breaking down complex concepts into understandable parts. I also specialise in Oxbridge preparation, particularly in Philosophy, where I guide students through the rigorous interview and application process, helping them develop critical thinking and analytical skills necessary for success.

One of my most memorable experiences was helping a student struggling with TOK to eventually secure a 7 in their final exams. This transformation is a testament to the power of personalised teaching. I am dedicated to making difficult concepts accessible and inspiring a love for learning in every student I teach.
